Professional Summary

Results-driven Software Engineer with a strong grasp of software engineering principles and competitive programming. Skilled in working effectively under pressure, with strong communication skills and a collaborative mindset. Passionate about writing clean, maintainable code, and building user-friendly interfaces. I specialize in Front-End Development using React and am eager to join a professional team where I can enhance my skills, contribute to real-world projects, and grow as a developer.

Education

Bachelor's Degree in Computing and Artificial Intelligence
Asyut National University, Asyut, Egypt
2023 / 2027

Projects
